

Reiki 2

The Practitioner's Degree

Reiki 2 opens additional energy centres and connects you to a greater volume of Reiki Energy. During the course, you are given three sacred symbols, each having a specific function. These symbols can then be used as a focus to enable you to strengthen mental and emotional healing and to send absentee healing. A large part of the training received in Second Degree is centred on the understanding and use of these symbols.

In Reiki 2 training you receive three attunements. At this stage of the training, the energy attunement is greatly amplified and its focus is on the etheric body rather than the physical. As a result of these attunements, you may develop both a greater sensitivity to energy and a psychic awareness.

The Reiki 2 course is a one-day course which covers the following:

You will be attuned to the second level of reiki which will enable you to perform distance healing and to become a Reiki practitioner. Focus your mind to enable to send Reiki energy beyond time and space and thus bring about effective absentee healing

- How to conduct a Distance healing
- Level 2 symbols and their uses
- The Chakras and chakra balancing
- Professional behavior and other requirements of a Reiki practitioner
- How to set up your own treatment room

Note: For the Reiki 2 Course you will need to bring with you a photo of someone you wish to send distant healing.

You are encouraged once again to give yourself a Reiki treatment every day for 30 days following the completion of the course for the same reasons outlined in Reiki 1.

Reiki 2 will provide the necessary training and discipline required for you to operate publicly as a Reiki practitioner if this is your intention.

On completion of the course, you will receive an illustrated **Reiki Manual**, the **Second Degree Reiki Certificate** as well as **on-going support** and **advice**.
